

## Community pharmacy technician: advancing your role

This programme helps pharmacy technicians develop the skills and confidence to deliver effective clinical services in community pharmacy.

## Preparing to train as an independent prescriber

This course is for all pharmacists planning to begin their independent prescriber training with a Higher Education Institute.

## Accuracy checking pharmacy technician programme

This programme is supported by a dedicated team of pharmacy technicians, and you'll get support for the practice-based activities from a workplace education supervisor.

## Newly qualified pharmacist programme

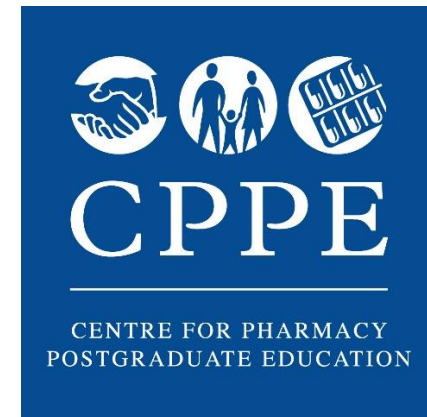

A mixture of online and offline learning including workshops, assessment and work-based support through a designated CPPE education supervisor.

## NHS Pharmacy First Service

We offer a suite of resources to prepare and support pharmacy professionals' ability to provide the NHS Pharmacy First service.

Contact your local [CPPE](#) tutor if you would like more information about any of these programmes.
